SUBJECT: JCS study on US Military Position Toward Indonesian Island Chain

1. Subject study is forwarded herewith for any comments which you may care to make. This study has been prepared for consideration in connection with NSC 124 (United States Objectives and Courses of Action with Respect to Communist Aggression in Southeast Asia). A NSC Staff Drafting Committee is to consider NSC 124 on Monday morning, 26 May, and if you have any major criticisms of the attached study, it will be appreciated if you will let me have them, either orally or in the form of rough notes, by the end of today.

2. More detailed comments are not believed necessary at present, but if any occur to you, they might be useful for some later Staff meeting on this subject.

3. Please return the attached study when it has served its purpose.
